# Bank when you want and where you want

We now offer a simple and easy way for you to do your banking transactions – without visiting a branch.

By using our mobile banking app, you can bank at home, at work or on the move - at any time of day. No more waiting in queues.

**Cell phones** – Use any cellphone and use a USSD code (\*120\*101010#) to select certain transactions from a menu of options.

**Smart phones** – Download our mobile banking app from the IOS App Store or Google Play Store to log into your account securely.

**Tablets** – Make sure your tablet is connected to the internet and download the mobile banking app from the IOS App Store or Google Play Store.

**Whether using a cell phone or tablet to do your banking, you will be able to:**

- Bank anywhere, anytime with 24/7 access to your bank account
- Monitor all the transactions on your account as they happen
- Receive SMSs whenever there is activity on your account so you can track your money

## Using your cell phone or tablet you can manage your money ... and more

- View balances on transactional and savings accounts
- View mini statement – last five transactions
- Make once-off payments
- Pay beneficiaries
- Transfer funds between your accounts
- Locate branches and ATMs
- Buy prepaid airtime, SMS and data bundles at the lowest rates
- Buy prepaid electricity

## It's easy

Any existing **ubank** customer can register at any **ubank** branch. And once you're registered you won't need to visit the branch again!

## It's safe

**ubank** uses advanced encryption technology to keep your information safe. Every time you want to transact on your account you will need to enter your username and password.

## It's fast
